But I couldn't find any tabs/chords so I tabbed it myself. It's not the real deal, like they play it, but it's fun to play along on acoustic. Hope you guys like it. This is my first tab, so I'm sorry it's bad, but it is supposed to be for beginners. Also, I am only putting the party with words, and not the long instrumental in the last four minutes of the song.
